EXCLUSIVE REV DISTRIBUTION RELEASE

# LORDS

MORAL DARKNESS

**THE SCOOP**

LORDS released a CDEP on Initial Records in Spring 2004 to wide acclaim in rags as diverse as *Alternative Press* and *Maximum Rockroll*. . . No wait, *MRR* called it something along the lines of "college boy rock," which didn't make much sense to us since these worthless dregs never went to college and sound more like BLACK FLAG than fucking PINBACK. They also can't seem to hold on to a bass player for more than a few months, but that's another story. This 7" includes five brand new exclusive songs that will not be on their upcoming full length. Three new blazing rock/thrash tunes start it off, a cover of FAITH NO MORE's classic "Surprise You're Dead" follows, then side B rounds things out with a blistering dirge that brings to mind the spoken word meets 70's proto punk of ROLLINS BAND's *Hot Animal Machine*. To top it all off, we screen-printed the covers ourselves and the songs feature guest appearances from members of BREATHER RESIST, COLISEUM & BLACK CROSS. It's limited to 500 copies so, much like the COLISEUM / LORDS split before it, this sucker will be gone in a hot second and won't be repressed. Get it now or forever hold your peace. — Your Friends at AUX.

**CRASS COMMERCIALISM**

- Lords became one of '04's hot bands to name drop after their debut EP on Initial Records turned heads everywhere.
- Tours with BREATHER RESIST, BLACK CROSS & COLISEUM firmly planted Lords in the heads of the fanatical cult following of Louisville's maximum hardcore / punk bands. Full US tours with BREATHER RESIST & COLISEUM will follow in '05.
- Lords received an amazing 5 out of 5 in *Alternative Press*, comparing them to BORN AGAINST and MONORCHID!
- Big art! Obscene screen-printed covers are sure to scare the pants off parents and leave the kids rabid with desire. Lyrics may or may not be highly offensive to those patriotic and right wing!
- You want comparisons? How about BLACK FLAG, KARP, KINGHORSE, JESUS LIZARD, BORN AGAINST... Fuck, just glance back through the classic SST catalog and you'll be right on track!
- This record is harder, faster, shorter, smarter, catchier, dirtier, and just plain better than most of the stuff that's on store shelves these days, so get with it.
